

Njangi Network

Collaborating to alleviate poverty

<https://njanginetwork.com> | contact@njanginetwork.com

Information Document

Njangi Network is a network of people who believe that in collaborating together, they can help everyone at the same time. Unlike the ordinary njangi where people collaborate together to help one person at a time.

In the Njangi Network, you don't have to worry about who is contributing to you nor who you are contributing to. Njangi Network got you covered.

What is it meant to be?

(A collaboration platform for all)

A source of finance for investments

With its awesome model, Njangi Network gives you the possibility to raise money needed to start your project. You can make as much as 3000 000 Frs (Cumulated monthly receipts) within the first year and up to 1000 000Frs monthly within the second year. With a capacity of up to 4200 000Frs monthly.

A back to school scheme

Njangi Network gives you the possibility to create as many accounts as the number of children you have and manage their accounts. Permitting you to send your children to school stress free. Each of these accounts has the same potential mentioned above.

A retirement fund

Njangi Network is the platform to join, collaborate and get monthly cash flow. It's a retirement scheme for everyone. Contributions are done every 30 days, so you get to receive contributions for a particular level at least every 30 days.

A Source of finance for personal needs

Njangi Network lets you collaborate to get the money needed to solve your personal financial problems or needs. Are you a student, parent, civil servant, lecturer, entrepreneur, etc. The network is for you.

It is the solution to the objective you set for yourself

Whatever the objective you set for yourself, Njangi Network got your back. It is here to let you know it's possible to realize it. It provides the platform for you to have the amount you need. Just be patient, active and upgrade on time.

Tips

...

Njangi Network has 6 levels and each level has an amount you contribute to be active in that level.

Everyone starts with 2000F and that's it. They contribute further from what they receive. Every potential on Njangi Network is based on the fact that you contributed an initial 2000 F to someone already in the network.

All contributions are done using mobile money but through Njangi Network. The recipient receives instantly in their mobile money account.

Njangi Network is just like a big Njangi Record. Meant to take note of who has contributed, who has not, when is the next contribution due, is someone eligible to receive contributions or not etc.

How does it work?

(Everything through mobile money with instant receipts)

Njangi Network Levels

Level	Title	Contribution	When to upgrade to next level
0	Civilian	0	Immediately after signup
1	Governor	2000	After receiving 2 contributions
2	Director	3000	After receiving 2 contributions
3	Minister	5000	After receiving 2 contributions
4	Parliamentarian	10000	After receiving 3 contributions
5	Senator	25000	After receiving 3 contributions
6	President	50000	You don't need to upgrade

Njangi Network Income Model

Level	Network Members	Contribution	Receipts	Cumulative Receipts	cumulative contribution	Monthly Balance
0	0	0	0	0	0	0
1	2	2,000	4,000	4,000	2,000	2,000
2	4	3,000	12,000	16,000	5,000	11,000
3	8	5,000	40,000	56,000	10,000	46,000
4	16	10,000	160,000	216,000	20,000	196,000
5	32	25,000	800,000	1,016,000	45,000	971,000
6	64	50,000	3,200,000	4,216,000	95,000	4,121,000

NB: Contributions for each level are due every 30 days. Njangi network keeps track of the last contribution date and next contribution date of each member and for each level.

Five(5) things to do

1. Signup
2. Contribute your initial 2000Fr to a fellow network member.
3. Promote the collaboration by bringing at least 2 people to signup.
4. Remember to contribute, stay active and upgrade on time.
5. Tell the people you introduce to the network to do these 5 things.

Tips

...

Everyone promotes the network by introducing at least 2 people. As the network grows, so does the contribution amounts receive increase.

If you are not active in a particular level and someone contributes which you are to receive, the system will skip you and give the money to someone above you who is active in the level concern.

Njangi Network provides a network graph "My Network" so you can monitor the growth of your network.

Njangi Network also provides a unique signup promotion link for you and any member in your network so you can promote the network under anyone in your network.

How does the network graph work?

Tips

When you have not contributed for a particular level to be active in that level, you cannot receive contributions of that level as well and the first person in your upline who is active in that level will receive the contribution.

Always monitor your network. Use the section "My Network" to see the network graph.

You can create as many accounts as you want using the same mobile money numbers.

Emails are optional but it's the means by which you reset your password. Add them if you do have. (Unique per account)

Contributions	6	50000	Level 6 upline member	A
	5	25000	Level 5 upline member	B
	4	10000	Level 4 upline member	C
	3	5000	Level 3 upline member	D
	2	3000	Level 2 upline member	E
	1	2000	Level 1 upline member	F
	0		Entry Level	G
Receipts	1		2 x 2000 = 4000 Frs	H
	2		4 x 3000 = 12000 frs	I
	3		8 x 5000 = 40000 Frs	J
	4		16 x 10000 = 160 000 Frs	K
	5		32 x 25000 = 800 000 Frs	L
	6		64 x 50000 = 3200 000 Frs	M

Explanation:

- 1) Everyone on joining the network is at level 0
- 2) After first contribution of 2000 Frs to level 1 upline member, they are eligible to receive 2000F from 2 Level 1 downline members. Equal 4000F
- 3) From the 4000F received, you remove 3000F to contribute to level 2 upline member. This makes you eligible to receive contributions from level 2 downline members (a total of 4 members). That is "I" above.
- 4) From the 12000F received, you remove 5000F to contribute to level 3 upline member. That makes you eligible to receive level 3 contributions. (See J above).
- 5) From the 40000 F received, you remove 10000F and contribute to level 4 upline member. Making you eligible to receive level 4 contributions (see K above)
- 6) From the 160000F received, you remove 25000F and contribute to level 5 upline member. Making you eligible to receive level 5 contributions. (see L above)
- 7) From the 800000F received, you remove 50000F and contribute to level 6 upline member. Making you eligible to receive level 6 contributions. (see M above)
